Supervision

Our well worked out supervision process ensures that our quality standards are being met delivered through our services, which includes:

- * Continuous supervision through patrolling staff
- * Surprise night checks by middle & senior management.

Quick Response Team

- * Our quick response teams deputed across India are equipped with communication tools, vehicles armed guards and trained security personnel
- * QRT vehicle are operational 24x7 in close Coordination with the control room to provide assistance to our valued customers in times of emergency and situation

Control Centre

- * 24X7 Control Room
- * Rapid response

The goal of a Security program is often to detect, deter and report.

Our Security guards have the same goal. Our people serve as the eyes and ears of our customers. An Effective Security Program consists of different elements, whether systems or people, which serve to enhance each other.

Together they make up the physical protection system (PPS) at securities.
